## BY CARBOLIC ACID.

Edward L. Diirstein, a Scottsdale Baker, Takes His Life at His Home.

## HAD BEEN IN POOR HEALTH.

Took Fatal Draught in Kitchen, Then Went Upstairs and Died—Death Not Discovered Until Several Hours Afterward.

SCOTTDALE, Aug. 28.—Edward L. Diirstein, a German baker, married, aged 30, committed suicide at his store and shop on Broadway by taking a dose of carbolic acid some time after 10 o'clock Tuesday forenoon. His death was not discovered until several hours afterward, though a young woman employed there passed the room where the dead man lay and thought he was sleeping. Diirstein's wife is lying seriously ill with typhoid fever, and the poison was bought from a local drug store by Diirstein, who said he wanted to use it for disinfecting purposes. Diirstein, who owns a large store and bake shop on Broadway almost adjoining the Scottsdale end of the West Penn Railway viaduct, was out among his customers Tuesday afternoon delivering bread. After he completed his rounds he went to the shop and then upstairs to an unused room.

Miss Hattie Miller, a clerk in the store, passed the room and saw Diirstein lying there, but thought that he was simply sleeping during the forenoon, as he had been up most of the night getting bread ready. It was after noon when she found an empty bottle that had contained carbolic acid lying in the kitchen. This aroused her suspicions and she went upstairs again and found Diirstein lying in the position she had first noticed him. A telephone message was sent to Dr. A. Waldo, and when he responded a brief examination showed that the young man had been dead for a couple of hours at least. He had evidently taken the poison while in the kitchen and then went upstairs to die. The news did not get out over town for some little time and then did not seem to occasion much surprise, as Diirstein was known to have been in poor health and to have been drinking some lately, it is said.

Coroner C. A. Wyan of Greensburg was notified, but the circumstances were so plain that he did not think the matter one calling for an investigation. Diirstein seems to have left nothing to give a motive for his act, unless it is a letter which it is said he wrote to his mother, addressed to Denver, Colo., although it is said she is visiting about Pittsburgh at the present time. Diirstein had been a resident of Scottsdale for several years, coming here from Allegheny. He worked in the Frey bakery and while there had his hand caught in an ice cream machine, which mangled it horribly, leaving but a couple of fingers.

## WARD WILL FILED.

How Jefferson Township Man Disposed of His Estate.

The will of the late James H. Ward of Jefferson township has been admitted to probate and letters testamentary granted the brother, William Ward, who is empowered to proceed at once to the settlement of the estate without bond. All the just debts and funeral expenses are first of all to be paid and sufficient money reserved to provide for a suitable monument for the grave of decedent. To Fred Hess and his wife, Alice, are given the notes held against them. The nephew, Eli Goho, gets \$200, the brother, Stephen Ward, \$50, and Elsie Ward the balance.

The brother, William, gets all in the way of stock and tools on the farm at the time of decedent's death. He is also to have the balance of money after the payment of all obligations and bequests for use during his life time. He is to sell the Woodlawn property of the decedent, to have the proceeds and to be divided among his children or their heirs. The will, which is rather short, was signed on August 6, 1907, shortly before the death of the decedent, and bears as subscribing witnesses the names of James M. Clark and Dr. H. J. English.

## SUNDAY NORMAL.

Scottsdale and East Huntingdon Townships Will Organize One.

SCOTTDALE, Aug. 28.—Extensive plans are being developed among the Sunday school teachers of the Scottsdale and East Huntingdon Township Sunday School District for the organization of a normal teachers class to study the best methods of presenting the Bible. The meeting to arrange for the organization will be held in the Trinity Reformed church Thursday evening, September 5, at eight o'clock. All teachers are especially urged to attend at this time. At a meeting held this week Rev. E. C. Kunkle, pastor of the First Baptist church, presided, and addresses were made by Rev. H. W. Miller, J. L. Leitch, C. R. Ferner and others. The inauguration of a training department for Sunday school teachers is looked upon as a very good move by the Sunday school people of this section.

## SURVEY CHANGES.

Something About E. W. Parker, Coal Mine Expert.

Dr. David T. Day, who for 21 years has had charge of the preparation of the Survey's annual report on the mineral resources of the United States, has requested to be relieved of duty as chief of the division of mining and mineral resources, in order to devote his time to the preparation, for the Survey, of an exhaustive report on the petroleum resources of the United States. The Director has accepted Dr. Day's resignation, which took effect on August 1, and has designated Edward Wheeler Parker to succeed him as chief of the division of mining and mineral resources.

Mr. Parker began his statistical work for the Government in connection with the Eleventh Census, in 1880, and was placed in charge of the Survey's coal statistics in 1891. In 1901 he left the Government service to assume editorial charge of the Engineering and Mining Journal, in New York, a work for which he had already gained experience as business manager of the Austin, Texas, Statesman and as editor of the American Manufacturer of Pittsburgh. Upon a change in the ownership of the Engineering and Mining Journal Mr. Parker returned to the service of the United States Geological Survey where he has since had special charge of coal statistics. In 1902 he was appointed by the President to serve on the Anthracite Coal Strike Commission, to whose deliberations he brought wealth of expert knowledge derived from years of research.

Waldemar Lindgren will be associated with Mr. Parker in the work of this division, and to him has been assigned the scientific supervision of those parts of the annual report on mineral resources that relate to the metalliferous ores. Mr. Lindgren's contributions to earlier volumes of this report have added much to their value, and the organization of a section of the division of mining and mineral resources under his charge provides for the co-ordination of all the Survey's work on metalliferous ores, for he is already in charge of the section of economic geology of metalliferous ores in the division of geology.

## INDIVIDUAL CARS.

Owners Will Form a Permanent Organization September 3.

W. L. Andrews, manager of transportation of the Fairmont Coal Company, has been named as temporary chairman of a committee of individual car owners of the United States, which is to be formed into a permanent organization at a meeting called for September 3 in Chicago.

The organization for the protection of the rights of individual car owners is understood to be largely the result of the suit of the Fairmont Coal Company against the Baltimore & Ohio railroad, in which the United States Court ruled that the railroad company would have to include all individual cars in its daily allotment on a certain branch. This case is to go to higher courts.

## VALUE OF CASH.

The Man Without It Usually Pays High Prices.

When a man without cash buys anything he is like a man caught in a heavy rain without an umbrella. He usually gets soaked. Therefore, it's a good plan to save your money and make your purchases with cash. A check is cash for all practical purposes. Indeed, whether you settle your bills monthly, weekly or instantly, it is always better to pay by check, because the paid check comes back to you, a proof of payment that is indisputable. Whether you wish to open a savings or a checking account, or both, you will find the First National Bank of Connellsville absolutely safe and always accommodating, at low 4 per cent. interest on savings.

## Free Tuition.

Have you read about the California, Pa., State Normal for the last three weeks in The Courier? It trains teachers, giving them free tuition while in school, and life certificates to teach after graduation. It also has fine music and commercial departments. Three large dormitories give its students a safe and pleasant home life. A faculty of thirty trained teachers, each a specialist in his own department, is a guarantee of strong and effective school work. For catalogue, address "Normal," California, Pa.

## To Increase Price of Coal.

Pittsburgh coal companies are likely to advance prices of Pittsburgh bituminous coal about 10 cents per ton about the first of next month. Reports from the Northwest are not reassuring as to the winter supply, and from now until the close of navigation on the lakes every effort will be made to get out as much tonnage as possible for shipment to Northwestern points.

## Pay for Murder Trial.

On motion of the District Attorney, the court yesterday made an order allowing Attorneys A. K. Jones and Woodrow N. Carr \$200 for services in the case of William L. Cate, convicted of first degree murder.

Baltimore & Ohio Excursion. \$1.00 to McKeessport, Brantock and Pittsburg and return. Every Sunday during summer. Special train leaves Connellsville at 8:45 A. M.

## STANDS HIS GROUND.

**Judge Pritchard Renders Formal Opinion in North Carolina Railroad Rate Case.**

## HE OVERRIDES LAWS OF STATE

**Maintains That Corporations May Evade Them by Appeal to Inferior United States Courts, Which Have Authority to Enjoin Enforcement.**

Asheville, N. C., Aug. 28.—Judge T. C. Pritchard in the United States circuit court has handed down his opinion in the case of the Southern Railway vs. Franklin McNeill and others in which some time ago he enjoined the corporation from making and publishing a passenger rate of 2 1/2 cents a mile under the provisions of the act of 1907.

The decision holds that the corporation is still enjoined from making rates, the only limitation upon their power being "that they shall not make a maximum rate in North Carolina in excess of 2 1/2 cents per mile. The corporation commission and the attorney general are specially charged with the duty of securing the enforcement of section 4 of the passenger rate act, which provides heavy penalties and fines for a failure of railroads and their officials to comply with that act.

All laws that act in connection with that act bearing on supervision and control of railroads, etc., are to be construed in connection with the rate act.

"It is inconceivable," the decision says, "that a circuit court of the United States in the exercise of its jurisdiction should be powerless to afford a remedy to one who seeks to assert a right which is guaranteed by the constitution of the United States. This is in no sense a suit against the state nor can it be successfully contended that the state in any wise is a party in interest in any of the matters of the controversy are concerned. It cannot be reasonably insisted that this is a suit to prevent the state from enforcing any right which it possesses nor can it be said to be a suit to compel the performance of an obligation of the state, nor does it in any way involve a matter in which the state has a proprietary interest. The parties in interest being complainant on the one side and the traveling public on the other.

"Therefore the questions presented are not such as to warrant the assumption that this court is without jurisdiction and a careful study of the circumstances attending the adoption of the 11th amendment as well as the end to be obtained by the adoption of the same show conclusively that those who were responsible for its adoption never dreamed that it could be used as a means of depriving an American citizen of a substantial right conferred upon him by the constitution of the United States. The 11th amendment being a part of the constitution must be construed so as to give full force and effect to every provision of the instrument of which it forms a part. Any other construction of this amendment would practically nullify that clause of the constitution which provides that no state shall pass any laws impairing the obligations of contracts as well as the 14th amendment."

The opinion shows that the laws of North Carolina especially provide upon what terms an injunction shall be granted to suspend rates pending litigation or involving the confession of such rates, that the state of North Carolina expressly authorizes the state to sue in the courts when freight rates are involved but does not even require a bond for such injunctions when passenger rates are in litigation.

## EXPECTED LYNCHING PARTY

**Warden Prepares for Attack But Mob Does Not Appear.**

Easton, Pa., Aug. 28.—There was much excitement about the county jail due to a rumor from South Bethlehem that a party of determined iron workers had left that borough to come to the county seat and take William Hardy a South Carolina negro from jail and lynch him.

The negro had been arrested for the murder at South Bethlehem of Policeman Shuman. Warden Collins took no chances and aroused and armed all the deputies and trustees put the double bars on all the entrance to the prison and had the police force stationed about the jail. After waiting some time for the arrival of the lynchers, the officers were dismissed.

The murder of Shuman was most real. The policeman had heard of a negro insulting women in South Bethlehem and went to that quarter to make an investigation. He found Hardy and when he attempted to arrest him the negro opened fire and killed him.

**Chicoratti Factory Will Stay Closed.**

New York, Aug. 28.—Officials of the American Tobacco company say that the shutting down of the company's factory in Cincinnati is permanent. It is said that the closing of the plant was caused by the unsatisfactory condition of the labor market.

**Kills Himself in the Surf.**

Los Angeles, Cal., Aug. 28.—Before 1,000 persons to the surf and on the beach at Manhattan beach, the Rev. Edward H. Jewett, age 78, slashed his throat with a razor and died. He was a close friend of Bishop Potter.

## CALLED THEM "SCABS"

**Mysterious Telegrapher Breaks in on Government Business.**

Camp Perry, O., Aug. 28.—Striking telegraphers are charged with having interfered with business of the federal government and as a result soldiers are patrolling the telegraph lines between Camp Perry and La Crosse, a distance of three miles. Any one caught interfering with that line or with the wires at La Crosse will be brought to Camp Perry and later turned over to the civil authorities.

This action was made necessary by the strikers or their sympathizers, completely destroying communication between Camp Perry and the outside world after 10 o'clock Monday night. The trouble began about 8:30 p. m. when an operator broke in on the Camp Perry operators and called them "scabs." From that hour there was constant breaking and interrupting until the Camp Perry operators were forced to close up at midnight with thousands of words unsent much of which was government matter from regular United States and national guard officers to their superiors.

## WAR ON THE BLACK HAND

**Authorities Hope to Rid State of Murderous Organization.**

Harrisburg, Pa., Aug. 28.—Effective war it is announced, is being waged against the Black Hand throughout the state of Pennsylvania by the constabulary and the indications are that the troops will soon rid the commonwealth of its murderous organization. The constabulary are in possession of information that Black Hand operations are directed from Harrisburg headquarters in New York and that the agents active in the work of intimidation are not all foreigners, some Americans being implicated.

For several months the constabulary have been following their action largely to these operations and they are said to be in possession of a mass of information which will lead to the arrest and conviction of the ringleaders.

More than 50 arrests have been made by the state police in the last six months in connection with Black Hand operations. Nearly all these persons have been fined or imprisoned though some are still awaiting trial.

## "RAFFLES" GETS FIVE YEARS

**Doctor in Daytime, He Was Gunshot Artist at Night.**

West Chester, Pa., Aug. 28.—Judge Bell has sentenced Dr. Benjamin Holbrook, convicted of robbing rail way stations and school houses to 5 years imprisonment.

Dr. Holbrook may well be called the "Raffles of Pennsylvania." In day he was a well-bred, courteous physician, and could be seen driving his automobile to the home of a neighbor. At night the doctor became an audacious burglar, looting railroad stations for miles around Coatesville, where he made his home.

The first robbery was committed at Wyebrooke on the New Holland branch of the Pennsylvania railroad which was followed by others at frequent intervals as during and as plying as the first. He was suspected and finally arrested on June 15 by a railroad detective. Holbrook made a full confession, admitting among other things that he was engaged to marry two young women.

## KISS COSTS A LEG

**Trenton Individual Neglects Steering of Auto for Osculation.**

Waterbury, Conn., Aug. 28.—A kiss is the price of an automobile, kiss which will be paid by a man giving the name of F. M. Southwick of Trenton, N. J. He was driving his machine down a mountain side at 20 miles an hour at the time the accident occurred was made. The kiss also nearly caused a serious accident to another automobile party.

G. B. Hoffman was guiding his machine with a party of eight up the mountain side when Southwick's automobile was not coming down. The party had just time to note a man clasping a woman with one arm and leaving her while trying to kiss a girl. The other hand when the Southwick machine took off a wheel of Hoffman's car. Further down the mountain Southwick's machine bounded over a wall and landed upside down in a swamp. Southwick was pinned under the car by one leg and it will have to be amputated.

## INSANE FATHER DROWNS

**CHILD AS A SACRIFICE.**

Detroit, Aug. 28.—Albert St. Martin, a bookkeeper for the Western estate, became insane and taking his 2-year-old daughter, Helen, to the Belle Isle bridge threw her into the Detroit river and watched the little one struggle and drown. St. Martin's insanity is of the religious order and he believed he was making an acceptable human sacrifice to God for the sins of the world.

## Secretary Taft in Wreck

Kansas City, Aug. 28.—Passenger train No. 302 on the St. Louis and San Francisco railroad carrying Secretary of War Taft was derailed near Springfield, Mo. No one was hurt. A switch was open after the engine and the car was derailed and dragged 500 feet over the ties. The passenger car was shaken up although the train was running slow. Secretary Taft was in resuscitating third passengers.

## TO EUROPE AT BARGAIN RATE

**Steamship War Becoming Keener and Passage Getting Cheaper.**

New York, Aug. 28.—Shipping men are watching with interest the transatlantic steamship war which continues to grow. Every day has its developments now as one line after another cuts the rate. If the conflict keeps up much longer bargain hunters will get a chance to go to Europe on shopping expeditions at a cheap rate.

The causes of the fight are many and varied. The steamer rate war which brought the trouble to a head is the direct result of the refusal of one of the continental lines to permit the Russian volunteer fleet to enter the steamship conference and thus have access to the conference agent and the general business. This so called conference was established by agreement among the lines for the purpose of settling differences, maintaining business and maintaining rates. It has collapsed.

## NOTED BEEF PACKER DEAD

**Nelson Morris Rose From Poor Boy to Man of Millions.**

Chicago, Aug. 28.—Nelson Morris, the well-known packer of this city, is dead after an illness of several weeks.

Nelson Morris was born in the Black Forest Germany in 1810. He came to this country when 11 years old, landing in Philadelphia without a cent. His first work was in Lake Erie, where he worked for 18 months. He then worked his way to Buffalo on a canal boat and from there walked to Chicago. He went to work in the stock yards for \$5 a month the first year. His first packing house was opened in 1862. Ever since that time he has been prominent in the packing industry and his fortune is estimated at many millions.

## TWO SHOT BY MARINE

**Fire in Crowd Because He Was Called "Tin Soldier."**

New York, Aug. 28.—Limited to being called "Tin Soldier" and being called "Tin Soldier" a marine doing duty at the Brooklyn navy yard fired two shots at a crowd of over 100 persons and severely wounded two men. James O'Brien, 38 years old, 457 Grand avenue and Joseph Ryan, 41 years old, 106 Bedford avenue, a shipping clerk, were the two men who were shot.

The crowd started to storm the navy yard fence directly after the shooting to get at Marine. The arrival of the remainder of the guard and the officer of the day prevented what undoubtedly would have been a very serious riot.

## INTENDED FOR CORTELYOU

**Persecution Cap Explodes Inside Pack Age Addressed to Him.**

Philadelphia, Aug. 28.—The explosion of what appears to have been a large percussion cap in a package addressed to Secretary of the Pennsylvania State Police, George B. Cortelyou, and directed to the Philadelphia post office, O'Brien, 38 years old, 457 Grand avenue and Joseph Ryan, 41 years old, 106 Bedford avenue, a shipping clerk, were the two men who were shot.

The parcel was received by Clark Roberts, when he brought his set of cancellations dies down upon a package exploded and was torn to pieces. Roberts was unhurt.

Chief Postal Inspector James T. Cortelyou, a brother of the secretary, is trying to solve the mystery surrounding the explosion. The package was mailed in a box. There was not sufficient explosive material in it to have done injury to anyone.

## ORE MINES CRIPPLED

**Federation Miners Holding Their Own in Minnesota.**

Superior, Wis., Aug. 28.—A demonstration by the striking miners of the Western Federation of Miners took place at Duluth and it is thought that about 100 miners were prevented from going to work before Chief Kent and deputies shot at the miners. Several of the latter were injured in the clash with the officers.

The miners are said to be in a badly crippled condition as shown by the way the shipments of ore to the docks are held up. The boats are being delayed by the non-arrival of ore from the mines and the shipments will fall far short of the normal expected.

## Abner McKinley Estate Unsettled

Canton, O., Aug. 28.—The estate of Abner McKinley, a prominent local politician, is unsettled by the National Bank of Commerce. It is said that the estate of Abner McKinley, who died in 1907, was valued at about \$100,000. The estate was divided into three parts: a cash part of about \$25,000, a real estate part of about \$50,000, and a stock part of about \$25,000. The cash part was divided among his children, the real estate part was divided among his children, and the stock part was divided among his children.

## Strike Hits Up Street Cars

Providence, R. I., Aug. 28.—The new traction system is completely tied up by a strike of its employees who assert that a new contract is needed to lengthen the work day from 9 to 12 hours. All cars were out of the city and the street cars were out of the city and the street cars were out of the city.

## Actor Murders Himself

Webster, Cal., Aug. 28.—In a fit of melancholy, a local actor, David H. Brown, shot himself in the chest with a .38 Smith & Wesson revolver. He was found by a neighbor and taken to a hospital. He is now in a critical condition.

## A MODEST REQUEST.

**Colonel Bill Stewart and the Privilege Colonel Craved.**

When Colonel Bill Stewart first went to Washington to report the news of the capital in his Texas papers he had a desk room in the office of General J. H. Boynton, then the military correspondent of the Cincinnati Commercial.

General Boynton spoke out in meeting. He said that Stewart's statement that he had a desk room in the office of General Boynton was a modest request.

One night a man came into Boynton's office and loudly proclaiming that he intended to shoot Stewart. The general called for a chair, but the intruder over the head with a knife and hit him on the head and then on the chest. Stewart was taken to a hospital and died.

## REMOVED AT LAST.

**The Figures Did Not Appear in the Final Set of Drawings.**

A candidate for the royal engineering society was told by his instructor to draw up the plans and specifications for a railway viaduct to connect two high hills between which ran a small stream.

In due course an excellent set of drawings was presented, showing the bridge in its completion with a sketch of the surroundings and a plan of the viaduct. The instructor was very pleased with the work and the candidate was told to go home and wait for the results.

## REMOVED AT LAST.

**The Figures Did Not Appear in the Final Set of Drawings.**

A candidate for the royal engineering society was told by his instructor to draw up the plans and specifications for a railway viaduct to connect two high hills between which ran a small stream.

In due course an excellent set of drawings was presented, showing the bridge in its completion with a sketch of the surroundings and a plan of the viaduct. The instructor was very pleased with the work and the candidate was told to go home and wait for the results.

Upon receiving the paper the second time the professor discovered that his instructions had been carried out, but that the two figures which were supposed to be in the drawing were missing. The candidate was told to go home and wait for the results.

When was the paper turned in and this time with positive orders to re-draw the man from the drawing altogether. The instructor was very pleased with the work and the candidate was told to go home and wait for the results.

## ITS EASY TO MAKE CHANGE

When you have a checking account—a few strokes of the pen and the trick is done. You draw your check for the exact amount you wish to pay. No fumbling in your pockets for change. No danger of not getting a receipt. The check which comes back to you in itself is all the receipt you need.

Moreover, if a check is lost or stolen and the money paid on a forged endorsement, the loss is the banks, not yours.

We want you to try paying by check. Large or small we cordially invite your account.

4% ON SAVINGS.

## MUCH ECLAT

Will be Displayed by Masontown September 7 When Street Car Line is Opened.

My, but they are getting swell down in Masontown. The formal opening of the new West Penn extension to the Valley City will be accompanied with much eclat, as Editor Charles D. Conner, who has the affair in charge, would say. In plain English, and stripped of its high sounding French, the Masontown people are going to have a rattling good time, with lots of pyrotechnics, vocal and otherwise, on both sides and in the middle.

Arrangements are being made to have prominent Fayette countians deliver addresses. Then the line will begin operation and everybody will take a street car ride.

## WILLIAM MOORE'S FUNERAL

Held This Morning from the Home of His Son.

The funeral of the late William Moore took place this morning at 9 o'clock from the home of his son, Councilman Resin Moore, on Main street, New Haven. Rev. A. J. Ash, pastor of the Methodist Episcopal church, officiated. At the conclusion of the services the funeral party left for New Salem, where the interment will take place in the family burial ground near that place.

The funeral of Antonio Caputo, the third and last victim struck by No. 3 Saturday night, was held from the Italian church this morning. Interment in the cemetery.

## Oyster Season Opening.

The oyster season opens in September 2, next Monday.

## OLU CASE ENDS.

Payment of Costs in Equity Suit Clears it for Good.

UNIONTOWN, Aug. 28.—With the payment of costs in the case of the Greenboro Ferry Company against the New Geneva Ferry Company, an equity proceeding is ended for all time. This was a dispute over a ferry landing started in 1905 by the plaintiff company.

Last March Judge Cabel dismissed the petition for an injunction, there by putting a quietus to the matter.

## THREE SUITS ENTERED.

Connellsville Grocery Company is the Plaintiff in Two Alleged to be Due on Account.

UNIONTOWN, Aug. 28.—Three suits were entered this morning, the Connellsville Grocery Company being the plaintiff in two of the actions. In the one the company seeks to receive \$1,115.15 from Samuel Fox to be paid on a book account. The second bill was \$1,000.00 but there are several small credits.

The third bill was \$1,115.15 from Louis Zarnoff, also of Uniontown, this time being the balance due to the Connellsville Grocery Company.

H. H. Lowland is defendant in the third suit, William Campbell & Steven of Troy, N. Y., being plaintiff, seeking to recover \$200.00, said to be due for cloth purchased when Lowland was in the clothing business.

## CONTRACT LET.

Improvements to Collier Farm by the Frack Company.

UNIONTOWN, Aug. 28.—The New Frack Building Company has been awarded a contract by the Frack Coal Company for the erecting of several new houses on the Collier works in Georgetown township.

The same company has also been given the contract for work on the Phillips farm in North Union township.

## Constables Pass Through.

A detail of five mounted State Constables passed through town yesterday on their way from Greensburg to Uniontown where they have been located. They stopped here for dinner.
